

Verify new button labeled "Clear Value" exists in Edit Retailer Constant modal for every retailer constant type

1 | ID: [132831](#) | Type: Test Case | Created: 6/30/2022, 12:21:50 PM by Elisaveta Dhrami

Iteration Path: All Access\2022\S 13 - (06.22 to 07.05) - Prod 7.18 | State: Ready | Assigned to: Elisaveta Dhrami

Repro-Steps:

Given I am logged in to system as Support Admin user

And I am in Retailer Constant menu

And I find a constant of type Boolean

And I click in pencil icon of it

Then the Edit Retailer Constant modal should open up

And I should see all retailer constant data populating the modal fields

And I should see a new button at the bottom middle part of the modal labeled Clear Value in red color

When I find a constant of type String

And I click in pencil icon of it

Then the Edit Retailer Constant modal should open up

And I should see all retailer constant data populating the modal fields

And I should see a new button at the bottom middle part of the modal labeled Clear Value in red color

When I find a constant of type Numeric

And I click in pencil icon of it

Then the Edit Retailer Constant modal should open up

And I should see all retailer constant data populating the modal fields

And I should see a new button at the bottom middle part of the modal labeled Clear Value in red color
